## CONFIDENCE IS RETURNING

People of New Orleans and Surrounding Country are Losing Fear of Fever.

## END OF 11th WEEK

Lowest Total of New Cases Since First Week in August.

MORE RATIONAL QUARANTINES ARE IN ORDER AND PEOPLE ARE RETURNING TO CITY FROM WHENCE THEY FLED WHEN FEVER WAS FIRST DISCOVERED.

By Associated Press.  
New Orleans, Oct. 7.—Following is the official report to date, 3,176.  
Deaths today, 3; total to date 410.  
New foci, 8.  
Cases under treatment, 207.  
Cases discharged, 2,359.

New Orleans, Oct. 7.—At the close of the eleventh week of the struggle against the yellow fever the health authorities summed the situation up today as full of encouragement. The fever has not been entirely wiped out as was at one time hoped it might be at this date, but the difficulties to be overcome proved greater than was expected.

The chief obstacle to a complete suppression of the fever has been the disposition among a certain element of the laymen and physicians to work in harmony with the marine hospital authorities. They refused to accept the mosquito theory or even give it a trial. Their attitude has been even more harmful than that of the ignorant foreigners.

## CONTRACTS ALL LET FOR NEW RAILROAD

CHIPLEY IS ENTHUSIASTIC OVER LINE NOW BEING BUILT TO ST. ANDREWS.

Special to The Journal.  
Chipley, Oct. 7.—The B. C. & St. A. railroad is now all contracted from St. Andrews to Columbus, Ga., and most all of the contractors are at work with good forces. The road gave an excursion from Chipley to Blue lake the other day and we guarantee that this road makes the cheapest excursion rates of any road in Florida.

The question in Washington county now is, where will the site for the court house be located? All the points are in favor of Chipley. Most of the writers in favor of Vernon claim the location on the point of health, but forgot to muzzle the regular correspondent of the Chipley Banner. In his notes to that paper from Vernon he made thirteen paragraphs and twelve of them related to chills and fever in that many families. One family had five down and even the county family at the jail has six out of seven down, and the chills and fever medicine at the jail cost \$28.25 for September. That would pay over 6 per cent on \$5,000 a year.

County court convenes in Vernon next Monday. Nothing special or of much importance to attract attention, but our bustling prosecuting attorney of Washington county, A. D. Carmichael, has eighteen whiskey cases that will make it interesting for some of them.

ovation was continued several minutes. In the stretch Dan Patch made no last supreme effort but he just finished the mile as he began it.

Nat. R. Walker appeared for Caldwell and Larkins. The case was discussed at length, but no action will be taken until further investigations are made.

## YESTERDAY'S FEVER RECORD

It Was Better in Some Respects Than That for Several Days Previous.

## 15 CASES; ONE DEATH

Sad Case of Aged Mr. Schults Whose Wife Died Thursday.

AGED COUPLE WHO HAD NO KNOWN RELATIVES THEY DIED WITHIN THREE DAYS OF EACH OTHER—VICE CONSUL BONAR IS IMPROVING SLOWLY.

Following is the official summary of the yellow fever situation up to last night:  
New cases . . . . .15  
Total cases to date . . . . .234  
Deaths yesterday . . . . .1  
Total deaths to date . . . . .83  
Cases discharged . . . . .88  
Cases under treatment . . . . .108

Fifteen new cases—one death. Such was yesterday's showing, which is a slight improvement over the report of the previous day. This little improvement brings with it some encouragement, and it is hoped, and expected, too, that Sunday's and Monday's reports will show even greater improvements.

The new cases reported yesterday are:  
Mrs. D. C. Eitzen, 416 W. Wright.  
Mrs. A. diLustro, S. Alcaniz.  
Mrs. J. I. Bryan, 707 N. Spring.  
Mack Morrill, 508 W. Gregory.  
Mrs. W. M. Wilkerson, 520 DeLeon.  
Basil E. Bogart, 700 E. Wright.  
S. C. Donaldson, 410 E. Gregory.  
John M. Boyle, 610 Adams.  
Angus Fraker, 318 E. Gregory.  
James Robinson, 706 E. Gregory.  
Louis Beaumont, 215 9th ave.  
L. R. White, 311 E. Romana.  
Mrs. M. E. Thomas, 311 E. Romana.  
G. C. Hardy, 308 S. Alcaniz.  
Mrs. Jane Daw, 404 E. Garden.

Death of Mr. Schults.  
The only death reported is that of Frederick Schults, who died at the hospital yesterday afternoon. Mr. Schults' death was predicted a day or two ago when his wife died at 108 1/2 East Government street, where the aged couple had been living for a number of years. Even at the time of her death, he had a severe case of yellow fever, but would not give in to it. The worry brought on by the serious illness of his aged wife was enough to weaken his mental faculties but when she died, he nearly lost his mind completely, and it was with some difficulty that he was persuaded to go to bed. The physician, however, knew that he had the fever, and knew too, that his chance of recovery was very small. He was taken to the hospital and put under the special care, but death relieved him just three days after the death of his life companion.

They lived alone and had no relatives here, and had no children. He had been night watchman for many years on lower Palafox street.

The death of the old couple marks another sad page in the story of the yellow fever of 1905.

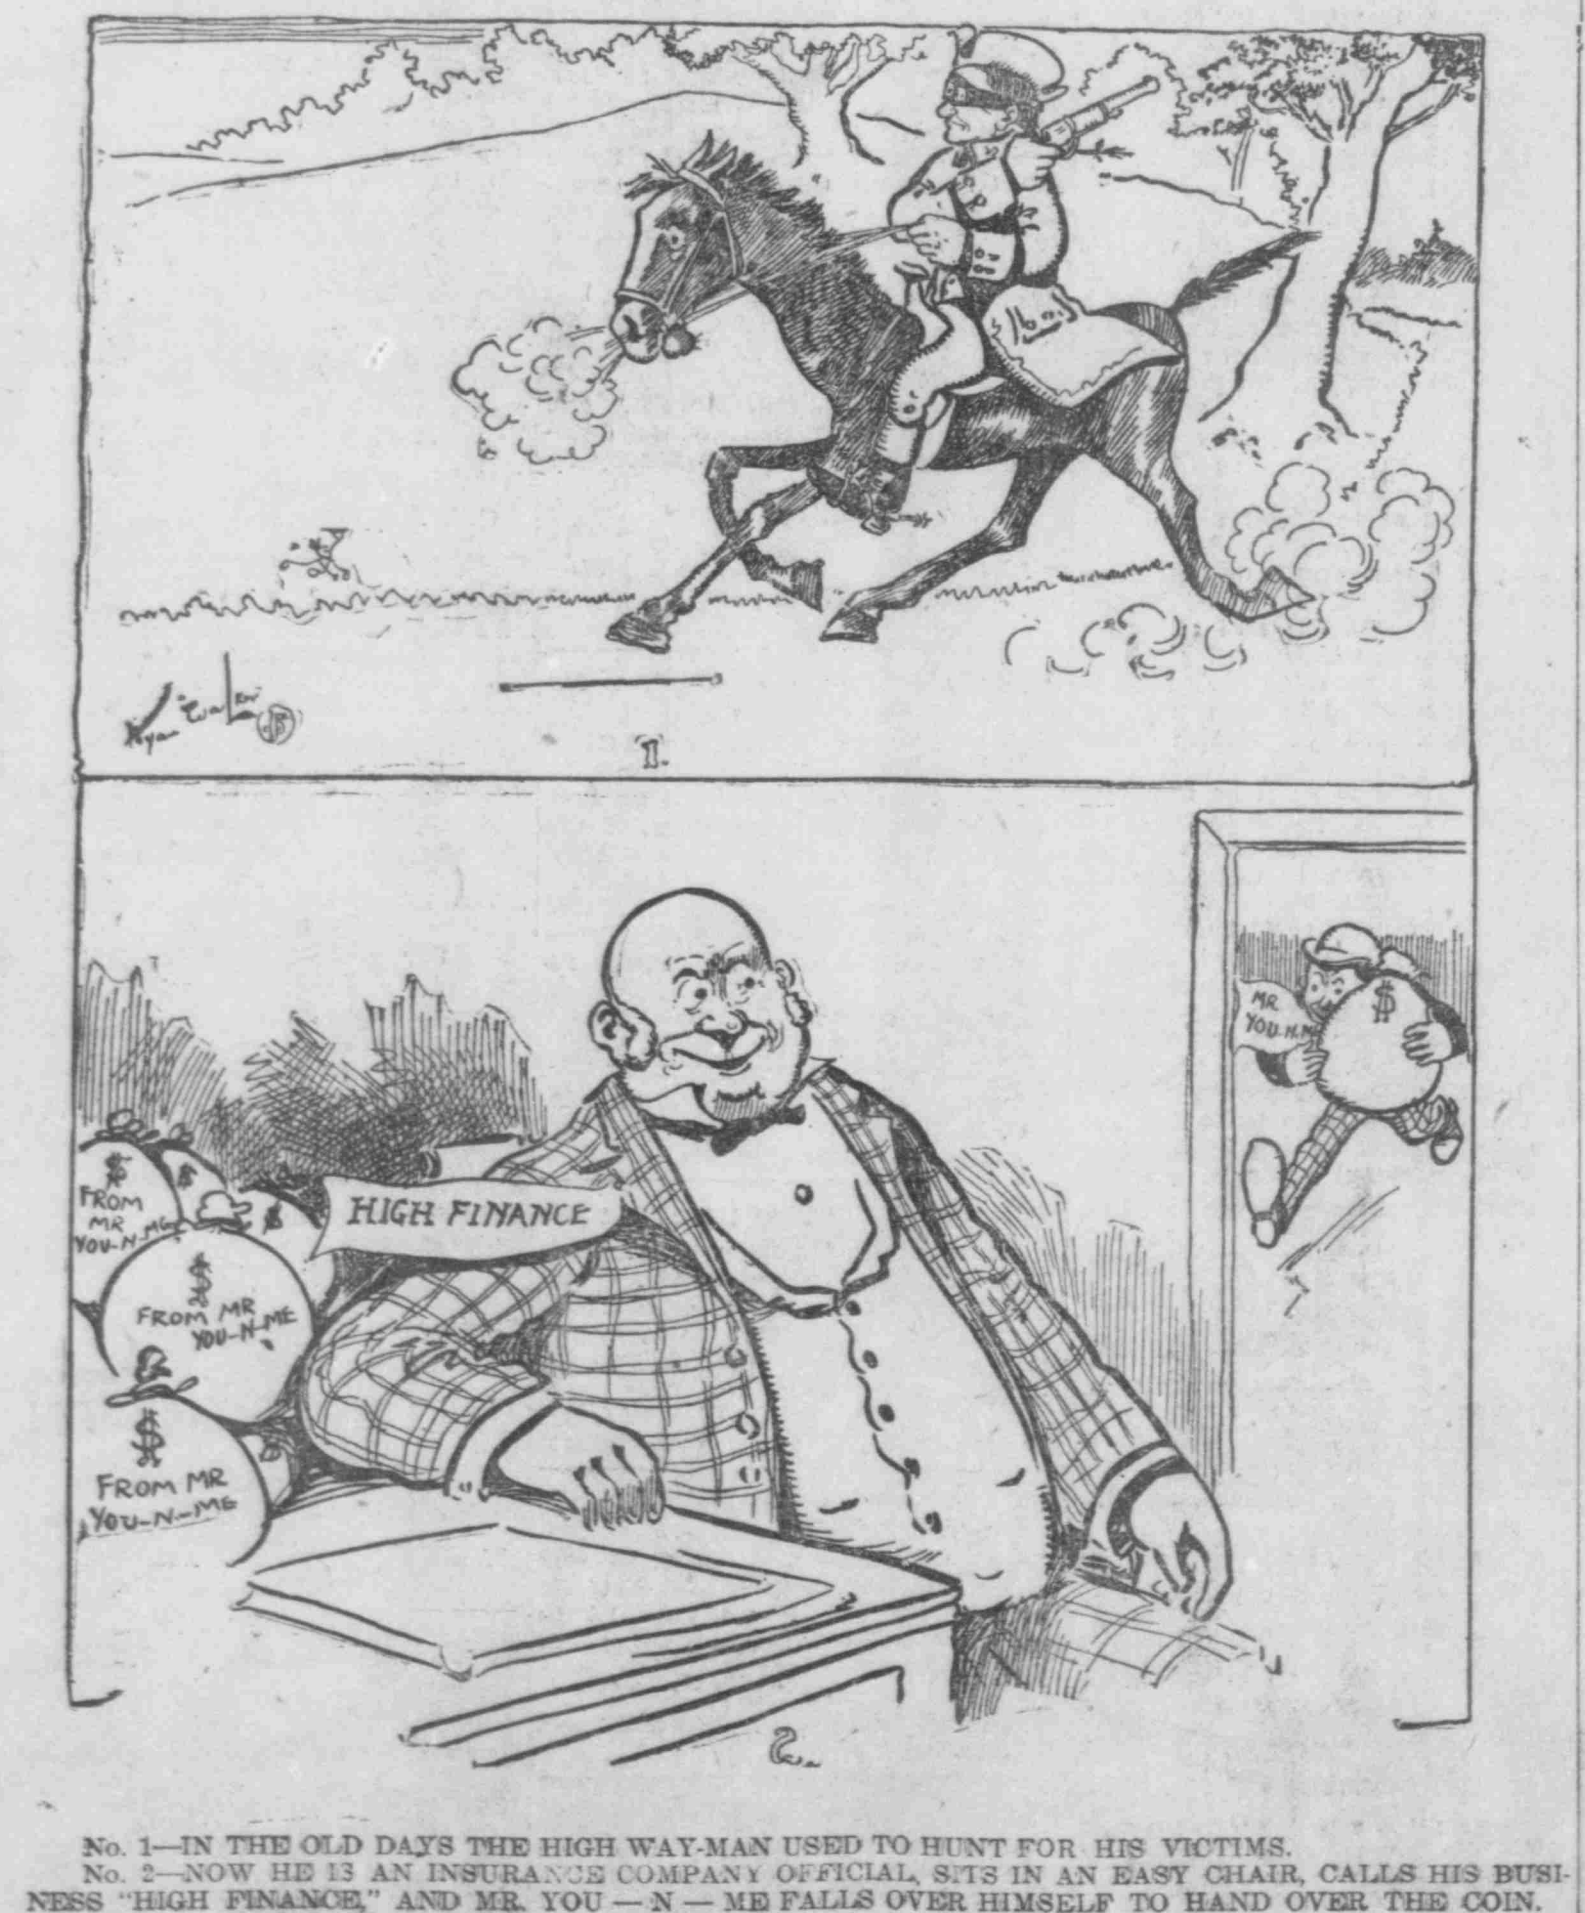

British Vice Consul Bonar is still very ill, although not necessarily dangerously so. Mr. Bonar was reported better yesterday.

In the list of new cases reported today, it will be seen that the fever is spreading all over the city, but, considering what they have to contend with the physicians are controlling it remarkably well.

Geo. Slocomb was taken sick yesterday, and immediately sent to the hospital. His case has not been finally diagnosed yet, and his friends say that it sure will not be yellow fever as he had it in an epidemic in previous years.

Paul Torrice, is also reported on the sick list, but his case has not yet been passed upon.
